

Scaffolding and Construction materials

Certified Model Factory

We Sansin sangyo group has always been dedicated to serve our customers with the slogan 「**Visualization of Peace of Mind**」. Thanks to the trust and love from our valuable customers, we are marching toward the goal to ensure safety and **peace of mind** through our services. As part of the quality service assurance, we have been striving to get all our scaffolding centers to be certified for Model Factory by 'Scaffolding and Construction Equipment Association (一般財団法人仮設工業会)'.

What is Certified Model Factor?

Scaffolding model factors are certified and approved by 'Scaffolding and Construction Equipment Association'. The factors are approved and certified based on their performance on equipment management, safety management and factory management.

We Deliver Peace of Mind
